

Operating Manual

Outdoor Basketball – BB600R / BB736R Reversible Netball Basketball Towers

1.0 Operating Instructions

1. Loosen the grub screws at the base of the tower with provided Allen key (attached with chain to the turning tool)
2. Using the turning tool, hook the basketball ring
3. Walk around the tower pulling the basketball ring around until the tower is in the desired position to play Netball or Basketball.
4. Tighten the grub screws at the base of the tower

2.0 Maintenance Instructions

1. Check at three (3) monthly intervals, that all lock nuts are securely fastened and have not dislodged due to constant vibration play. If in the likely event that any nuts have loosened, tighten immediately.
2. Check at (6) monthly intervals that all nuts on structure are securely in place and have not loosened due to constant vibration during play.
